Board of Supervisors
Tobyhanna Township
Pocono Pines, PA

In planning and performing our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Tobyhanna Township as of and for the year ended December 31, 2016, in accordance with auditing standards generally accepted in the United States of America, we considered Tobyhanna Township's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Tobyhanna Township's internal control. Accordingly, we do not express an opinion on the effectiveness of Tobyhanna Township's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and, therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be a material weakness.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis.

We consider the following deficiency in internal control to be a material weakness:

Journal entries were necessary to correct material misstatements detected as a result of our audit procedures.

This communication is intended solely for the information and use of management, the Board of Supervisors, others within Tobyhanna Township, and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,
